In clamoring for "free raw material" the Democratic party is true to its traditions. For half a century it has imported without restriction the "raw material" from which Democratic voters have been manufactured.

THE news comes from Fall River, Mass., the great cotton manufacturing center, that the wages of 25,000 employees are to be reduced from 10 to 12 1/2 per cent. Let's see; has the Sherman Law, which was the cause of business paralysis and low wages, ever been repealed?

THE Commercial Gazette says there was an international conference held in July at Manchester, England, of cotton spinners and kindred workers. The report showed great improvement in the condition of the English workmen in these classes, not only in the amount of wages paid, but in the reduction of hours of labor, which are now on an average 56 1/2 per week.

The Belgium delegates stated that their working hours were 79 per week, a little more than 13 hours per day. At Lille the spinners and weavers worked 12 to 13 hours per day, and the wages were from 14 to 18 francs—that is, from \$2.66 to \$3.43 per week.

Delegates from Holland put the condition of spinners and weavers very clearly when they said they ate no meat, except occasionally horse flesh, and their usual food was potatoes and bread. It is to these hours of labor, these wages, and this fare of "potatoes and bread, with occasional horse flesh," that the Democrats are trying to permanently reduce the wellpaid and well-fed American workman. The mere threat that is conveyed by the supremacy of Democracy has reduced wages from ten to twenty per cent., and has deprived tens of thousands of any wages at all by closing up hundreds of factories and mills of all kinds.

The reduction of wages of that great class of wage-workers in the manufacturing industries, which numbered in 1889, as shown by the census, 4,711,000, and was probably 5,500,000 in 1892, means a reduction in their purchasing power, and therefore in the prices of all that the other great class of workers, the agriculturists, produce. In this case the injury of one is the injury of all.

There is but one remedy for the terrible conditions that exist and the more terrible ones threatened. The Republican party gave prosperity. The Republican party can restore it. After the next election the workingmen will see to it that Republican wages will be restored. They will try no more experiments.

It cost the state of Indiana \$50,000 to suppress DEBS's riotous strikers; and the meat of it is that the workingmen will have to foot most of the bill.

DURING July 11,539 steerage passengers arrived in New York, one-half of whom were not immigrants, and 19,968 left New York, all of whom were emigrants. This is a "balance of trade" that we will be always glad to have against us; but it will be a trifle rough on the Democrats about election times.

REPRESENTATIVE McCREARY of Kentucky says that he is not a candidate for the Senate, and will do no speaking in the state during the fall elections except in his own District. He says, however, that later on he expects to become a candidate for Senatorial honors. He scouted the idea that Secretary CARLISLE would be a candidate for the Senate.

JUDGE W. M. BECKNER of Winchester is out in a card suggesting that the Democratic State Executive Committee, in its call for a convention next spring to nominate candidates for state offices, include the naming of a United States Senator. This plan of electing a Senator directly by the people instead of the Legislature is in vogue in Illinois, and has been a success.

AFTER being "out" nearly two months, and losing hundreds of thousands of dollars in wages, the foolish railroaders who quit work at Cincinnati on the order of DEBS have resolved, by a vote of 318 to 96, to raise the boycott in that city and return to work—"if" the railway managers will take them back. Thus ends another silly strike, and the ones most injured are the silly strikers.

THE Pittsburgh Post, a rabid Democratic organ, calls on the Republicans to "be patriotic;" that is, to stop telling the truth about the condition of affairs caused by tariff tinkering, and to help the Democrats out of the hole into which they have tumbled. Oh, no, Mr. Post; you made such a "blow" about what you would do for the dear people if they trusted you;—now perform what you promised. You ought to be ashamed to call on the Republicans for help after your abuse of them and the praise you've heaped upon yourself.

Mr. J. C. Boswell, one of the best known and most respected citizens of Brownwood, Texas, suffered with diarrhoea for a long time and tried many different remedies without benefit, until Chamberlain's Colic, Cholera and Diarrhoea Remedy was used; that relieved him at once. SMALLPOX

Causes a Bloody Riot at Milwaukee, Wis.

Police Break Up a Mass Meeting of Indignant Citizens.

Who Had Met to Protest Against Seizing of Smallpox Patients—Mob of Four Thousand Men Assault the Officers—Many Officers and Citizens Hurt.

MILWAUKEE, Wis., Aug. 10.—One hundred police officers, under command of Chief of Police Janssen, who had been sent to the public square, on the corner of Eighth avenue and Milwaukee street, at 8 o'clock Thursday night to prevent a mass meeting of citizens protesting against the placing of smallpox patients in the isolation hospital located in that vicinity, were attacked by a mob numbering four thousand men, with stones, bricks and clubs, and the result is a list of twenty-five wounded officers and citizens and eleven arrests.

A meeting had been announced for Thursday night at 8 o'clock on the public square at which a committee of fifty citizens was to be appointed to request Mayor Kearns to have the isolation hospital removed from the South Side.

Thursday afternoon the mayor and Chief of Police Janssen, in a conference, decided to prohibit any further public demonstrations of the kind held here Wednesday night and the mayor issued a proclamation to that effect.

At 7 o'clock Thursday night ten policemen, under command of Chief Janssen, Lieut. Smith and Sergeant O'Connor, were detailed to the square to prevent the meeting. By 8 o'clock 4,000 people had assembled there, and the crowd could no longer be held in check.

Chief Janssen called on headquarters for reinforcements, and soon 100 policemen and two patrol wagons arrived on the scene. The forces formed a triangle and attempted to clear the square.

This was the signal for the first attack. Bricks and stones were hurled at the advancing column of bluecoats, who clubbed the heads of the receding crowd vigorously, and succeeded in clearing the square.

The crowd ran through alleys and byways, jumping over fences and rushing between houses, and it was thought that the affair was over, when, at 9 o'clock, another crowd assembled at one corner of the square in an open space behind St. Jacobs' church.

It was here that the fight took place which resulted so disastrously to both sides. Lieut. Smith, of the south end station, ordered nine men to the place to clear away the crowd. As soon as the officers had come near enough, a heavy rock was hurled toward them, striking officer Niedner on the forehead, and felling him to the ground. All forces were now concentrated at this point, and for half an hour the officers and the mob were in a hand-to-hand fight, the former finally dispersing the mob.

Not a shot was fired in the whole affair, the mob taking recourse only to bricks, rocks and clubs.

More Police Rottenness in New York.
NEW YORK, Aug. 10.—President Martin, of the police board, assistant district attorney Wellman and Supt. Byrnes held a conference Thursday morning at police headquarters, and, as a result, five police sergeants are to be put on trial. At the same time charges were presented against two patrolmen, but a day for a trial was not set. The charges consist, in each case, of illegal offenses, neglect of duty, etc. A police captain, who has not been named, is to be put on trial in a short time.

Coxeyites Must Go.
WASHINGTON, Aug. 10.—Gov. O'Ferrill, of Virginia, has served notice on the leaders of the Coxeyites, about five hundred of whom are encamped at Rosslyn, Va., just opposite this city, that they must abandon the state by noon Friday. The Coxeyites assert that they will not leave camp voluntarily, though they will not resist arrest.

THE CAMP RAIDED.

Coxeyites Arrested and Sentenced to the Baltimore Workhouse.

WASHINGTON, Aug. 10.—Shortly before 4 o'clock Thursday morning, before the inmates were astir, forty special policemen from Baltimore, under charge of Sergeant Gilver, swooped down on the Coxeyites encamped at Highlands, near Bladensburg, Md., about six miles from Washington, and captured the entire army of the commonweal.

The officers left five of the 108 men in charge of the place, with the warning that unless they vacated within three days they, too, would be arrested.

"Gen." Coxey's son, Jesse, stayed at the camp Wednesday night, which he does not usually do, but Thursday morning when the raid was made he hid himself beneath the bed and so escaped arrest.

The arrested men were taken to Hyattsville and put on board a special train for the Bridgewater, where they will for three months work at hard labor. Their three leaders, including Marshalls McKee and Christopher Jones, were each given one year. Jacob S. Coxey, who is now campaigning for election to congress in Ohio, was telegraphed by Marshal Bullock, of the "army," as to the matter, and the "general" is expected to come here in a day or two and look after the welfare of the men.

DOINGS IN CONGRESS.

A Dull Day in the Senate and a Spirited One in the House.

WASHINGTON, Aug. 10.—SENATE.—The senate seems to have reached that condition of apathy and weariness that unites it for any serious legislative business which is not connected with the final disposition of the tariff bill, and the winding up of the long session. Thursday's sitting came to a close at 1:40, and part of that time had been given to the consideration of executive session. Among the privileged bills passed in the morning hour without objection, was a house bill for the relief of Louis Petham, of Indiana.

HOUSE.—The Hawaiian question came to the front again Thursday, forming the subject of the most spirited and interesting portion of the proceedings. Mr. Boutwell raised it as a question of privilege. He repudiated the reported imputation that in introducing the resolutions recognizing the Hawaiian republic he had sought to obtain a partisan advantage for the republican party. He criticised the failure of the committee on foreign affairs to act upon his resolutions, and denounced the Hawaiian policy of the administration, especially the last act, which he described as the grudging, halting, secretive recognition of the republic of Hawaii by the president. He was called to order by Mr. Outwaite and Mr. Coombs (dems.) and required by the speaker to take his seat.

Sherman Brigade Reunion.

AKRON, O., Aug. 10.—The little town of Orrville is doing itself proud in the entertainment it is extending to the Sherman brigade, who are in annual reunion there. Thursday was a gala day, and the time was taken up with carrying out the regular programme and renewal of old friendships. At night a mammoth campfire was had. Addresses were made by prominent members of the brigade. Friday is the last day of the reunion.

Three Implicated in Miss Taylor's Death.

WARREN, O., Aug. 10.—The second arrest as the result of the death of Miss Belle Taylor from the effects of a criminal operation was made Thursday night, and the accused is Mrs. James Russell, at whose house the victim died. James Robinson, who was engaged to Miss Taylor, has made a confession, implicating Mrs. Russell and Dr. M. I. Hatfield. The latter was arrested Tuesday.

Minister Porter's Successor.

WASHINGTON, Aug. 10.—According to the story circulated around the capitol the president will appoint Minister Porter's successor in a few days, and he will select a Tennessean. The names mentioned in connection with the Chilean mission are Representative Patterson and ex-Representative and ex-Commissioner of Indian Affairs Atkins.

Destructive Storm at Bellaire.

BELLAIRE, O., Aug. 10.—The most terrific storm in years passed over this section Thursday evening. Chimneys and roofs by the score were blown off. Several large establishments suffered great loss by the wind. The large stacks of the Wheeling Iron and Steel Co. were blown down. No lives were lost, but several people were injured. Heavy hail accompanied the storm.

Overtaken on a Trestle.

TOLEDO, O., Aug. 10.—Near Green Springs on the Nickel Plate railroad Thursday, Anthony and Raymond Godfrey, brothers, were overtaken on a trestle by a freight. To escape on it was impossible, so the two men jumped into the ravine. Raymond struck on his head and died instantly, and Anthony was seriously but not fatally hurt.

Physician Shot From Ambush.

CHARLESTON, W. Va., Aug. 10.—Dr. J. Will Davis, a prominent Montgomery physician, was shot at three times from ambush Thursday, while returning from a patient on Morris creek. One ball passed through his stomach, inflicting a probably fatal wound. No clew whatever to assassin.
